MODEL QUESTIONS AND SELF ASSESSMENT

TEXTBOOK OF ILLUSTRATED VETERINARY

**MCQs, Fill in the Blanks, True/False,
Definitions and Short Notes**

As per the New Veterinary Council of India (VCI) Syllabus

Veterinary Pathology is considered a tough subject in Veterinary Science curriculum because of its complexity. Students face difficulty in the understanding Pathology, especially during their examinations. This supplementary book on Model Questions and Self-Assessment for Textbook of Illustrated Veterinary Pathology is prepared keeping in mind the difficulties of the students for preparation for examinations.

Features:

- Prepared on the demand of the students of BVSc & AH for better understanding of Pathology and their self-assessment
- Questions are prepared to simplify the intricacies of Pathology and the examinations; this will further help in self-assessment of the knowledge of Pathology.
- The questions are divided in 5 parts as MCQs, Fill in the Blanks, True/False, Definitions and Short Notes, which will help the students in all types of examinations viz. objective type, subjective type or even a mix of objective and subjective type papers.
- Prepared by the Chairman of the Committee for Syllabus Revision of Veterinary Pathology by the Veterinary Council of India.

CONTENTS:

SECTION-I

General Veterinary Pathology

1. Introduction
 2. Etiology
 3. Disturbances in Circulation
 4. Disturbances in Cell Metabolism
 5. Necrosis, Gangrene and Post-Mortem Changes
 6. Inflammation and Healing
 7. Immunity and Immunopathology
 8. Disturbances in Calcification and Pigment Metabolism
 9. Disturbances in Growth
 10. Concretions
- Answer Section 1

SECTION-II:

Systemic Veterinary Pathology

11. Pathology of Cutaneous System
 12. Pathology of Musculoskeletal System
 13. Pathology of Cardiovascular System
 14. Pathology Respiratory System
 15. Pathology of Digestive System
 16. Pathology of Hemopoietic and Immune System
 17. Pathology of Urinary System
 18. Pathology of Genital System
 19. Pathology of Nervous System
 20. Pathology of Endocrine System, Eyes and Ear
- Answer Section 2

SECTION-III

Animal Oncology, Veterinary Clinical Pathology and Necropsy

21. Animal Oncology
 22. Examination of Blood
 23. Examination of Blood and Serum for Biochemical Attributes
 24. Examination of Bone Marrow
 25. Examination of Urine
 26. Examination of Feces
 27. Examination of Milk
 28. Examination of Skin Scrapings
 29. Examination of Synovial Fluid
 30. Examination of Cerebrospinal Fluid
 31. Examination of Semen
 32. Clinical Microbiology
 33. Cytopathology
 34. Necropsy (Techniques of Post-mortem Examination)
- Answer Section 3

SECTION-IV

Pathology of Infectious and Non-Infectious Diseases of Domestic Animals

35. Viral Diseases
36. Bacterial Diseases
37. Chlamydial Diseases
38. Rickettsial Diseases
39. Mycoplasmal Diseases

40. Spirochaetal Diseases

41. Prion Diseases
 42. Fungal Diseases
 43. Parasitic Diseases
 44. Nutritional Imbalances and Metabolic Disorders
 45. Toxicopathology
- Answer Section 4

SECTION-V

Avian Pathology

46. Avian Inflammation
 47. Pathology of Nutritional Disorders
 48. Viral Diseases
 49. Bacterial Diseases
 50. Chlamydial Disease
 51. Mycoplasmal Diseases
 52. Spirochaetal Disease
 53. Fungal Diseases
 54. Parasitic Diseases
 55. Vices and Miscellaneous Disease Conditions
- Answer Section 5

SECTION-VI

Pathology of Diseases of Laboratory and Wild Animals

56. Diseases of Mice, Rat and Hamsters
 57. Diseases of Rabbits
 58. Diseases of Wild Animals
- Answer Section 6
