Objective Biochemistry and Biotechnology

A Practice Book for ICAR - JRF, SRF, ARS/NET
and other competitive examinations

Clearing competitive exams for obtaining higher studies and/or scholarship for the higher studies is a part of our education system. Passing these exams is a must for obtaining carrier in research as well as teaching. This book contains more than 2,000 questions from both Biochemistry and Biotechnology covering almost every aspect of the subject. The questions have been designed keeping in view of the new syllabus for the students.

Features:

- Efforts have been made to cover all the topics in both Biochemistry and Biotechnology for designing more than 2,000 multiple choice questions.
- The questions have been designed keeping in view the requirements of the graduate, post graduate students, teachers and research scientists as per the latest updations of the 5th Deans' Committee Recommendations.
- This Practice Book also includes maximum possible questions from the previous three year question papers, which have appeared directly or indirectly in tests like ICAR JRF/SRF/NET.

CONTENTS:

• PART - A
BIOCHEMISTRY (1104 MULTIPLE CHOICE
QUESTIONS WITH ANSWERS!)

• PART - B
BIOTECHNOLOGY (1007 MULTIPLE
CHOICE QUESTIONS WITH ANSWERS!)
