Text Book of Large Ruminant Production and Management (Cattle and Buffalo)

Text book of Large Ruminant Production and Management (Cattle and Buffalo) contains nine chapters covering various aspects of cattle and buffalo production and management. Chapters are carefully arranged to make it interesting while navigating the book for various information. The information in this book has been carefully sorted, classified, compiled and presented in a very easy and understandable way for undergraduate students of BVSc & AH, para-veterinary, polytechnic students and Livestock inspector trainees. Besides, this book may be useful to the field veterinarians and livestock entrepreneurs. The entire book has been prepared in a simple and clear language so that the contents would be easily followed by the readers.
